Is a file uploaded to uguu of which I am the owner and sell on my own website. seems to have been uploaded by someone on 4chan currently illegally redistributing my work using uguu the file has been modified with all credits and documentation removed and badly edited but it is unmistakably stolen from my original work.

If proof of ownership is required I will provide it.

This is the link to the original file on my store:

Hi,

I've removed the file in good faith.

Regards,  
Eric aka "Neku"
